

We now have a COVID Hotline!

Call **434-321-5545** to hear the most updated information regarding the COVID-19 Vaccine and how you might obtain yours.

PLEASE DO NOT call our care centers in an attempt to make an appointment for the vaccine, as we are methodically contacting patients in order to maintain a system and order to our process. Vaccine allocations are still limited, so we are not able to schedule on-demand at this time.

Please continue to call this hotline, as we will update it with information as we receive it.

Thank you in advance for your cooperation and patience!
